

Bring it all together

To achieve the Objective

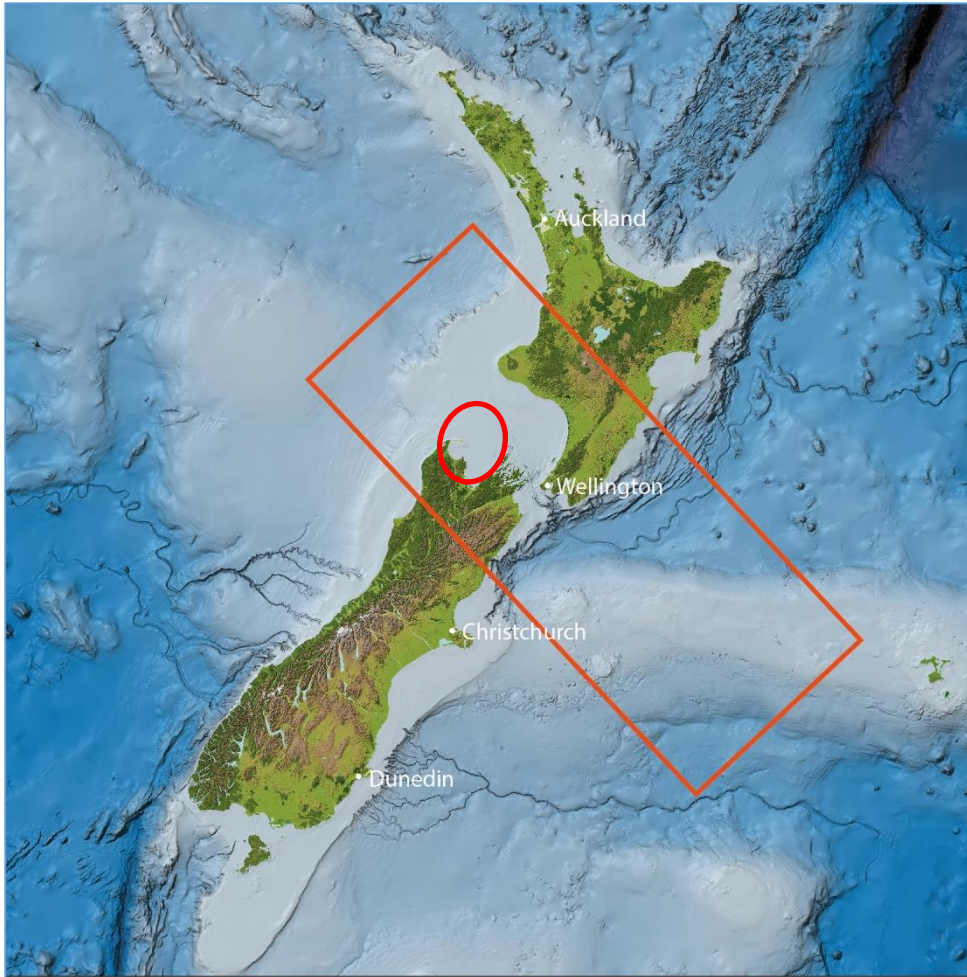

Research results must

- translate into changes in the way policy, regulations and legislation are applied
- used by marine resource managers

To do this we must

- Demonstrate and promote EBM as an effective management tool.

Focal Region and Case Study Area

Cross Programme Projects

- Ecosystem Based Management (EBM) within New Zealand's existing legislative – Alison Greenaway
- Future EBM Frameworks for New Zealand – Alison Greenaway
- Trialling EBM – Judi Hewitt
